BUSINESS RETENTION AND EXPANSION PROGRAM

If you are asked to participate in this program please do so. This is a worthwhile initiative and should produce information that will assist the Town and the Province.

The Program's Objectives are to:

- actively demonstrate our community's pro-business attitude;
- help existing businesses solve problems;
- assist businesses in using existing programs aimed at helping them become more competitive;
- create a forum in which sensitive information on the needs of businesses can be addressed effectively, yet confidentially; and
- collect data on our community's strengths and weaknesses as a place to do business.
